

High Security Cash Safes are designed specifically to protect large amounts of cash and valuables

High Security Cash Safes are made with the finest steel and welded with the latest technique with stringent control, creating an effective safeguard against theft. An innovative fixed bolt design locks into the door frame and secures the door in a closed position even in cases where the outer hinges were deliberately cut off from the outside.

Features:

- Off the rack solution for cash room, retail stores or offices
- Closed position hinge to prevent forced entry
- No renovation required. Off-the-rack solution eliminates storage risk
- Professional and Stylish appearance suits all Offices / Jewelry stores / Private homes

Options:

- 3-Wheel Mechanical Lock
- Electronic Motor Lock by Fingerprint / Pin code / One-Time-Combination
- Time Lock
